

YEAR IN REVIEW

FROM OUR CHIEF:
First and foremost, I would like to thank the amazing group of firefighters that volunteer their time and services this past year. The department has grown in love and compassion not only within our department but in its service to the community.

We have completed some projects this year that we are very proud of including our new training area. It has been put to good use with training throughout the year with other Fire Protection Departments also in attendance. It has proved to be a great asset to the department. Some of the training held in our new area included vehicle rescue, search and rescue, fire hose techniques, several different medical trainings, and many other trainings in our efforts to become more efficient as a department. We currently have 23 active firefighters, 2 junior firefighters including 7 officers.

This past year 6 of our interior fire fighters received a brand-new set of turnout gear, with this new gear it will better help protect our firefighters from the hazardous elements. Four fire fighters in our department received their Fire 1 and 2 certifications. These fire fighters included myself. Jordan Grover, Mitchell Gant and Curtis Black. Within the department many attended basic fire training courses throughout the year.

On behalf of the Dunnegan Rural Fire Department, I would like to say thank you for the continued support of our department. Chief, Derek Lankford
